the dam and power station are scheduled to be completed and in operation by the end of 1955. The buildings which are to house the turbines and other machinery were ready at the end of October 1954. The project is to supply current to the Policka (N 49-43, E 16-16) region. The water head will also operate the power station at Kninice (N 49-32, E 16-42).
